

# Handmade Wooden Reed Cases

Bambú

accesorios para instrumentos  
de viento

Catalogue

*Bambú's wooden reed cases are hand polished and coated with six layers of polyurethane paint. This process provides high resistance to scratches, bumps or any damage that may result from use.*

## **Description**

*Bambú's Wooden Reed Cases are 100% handmade with premium quality wood. They have been specially designed to guarantee optimum care of reeds. Their practical and original slide system with neodymium magnets ensures secure closure.*

*Wood is a porous material and allows the essential air circulation in order to accumulate only the necessary amount of moisture, helping thus to extend the lifespan of reeds. Solid lumber which has been air-dried for at least two years is used for this purpose.*

*The interiors are made of high-impact plastic injection and have been designed to store and protect reeds preventing any kind of physical alteration.*

Code **RA**  
6 reeds / Alto Saxophone / Bb Clarinet

Code **RB**  
8 reeds / Soprano Saxophone / Bb Clarinet

---

## INTERIOR MODELS

Code **RC**  
10 reeds / Alto Saxophone / Bb Clarinet

Code **RD**  
8 reeds / Tenor Saxophone / Bass Clarinet / Baritone Saxophone

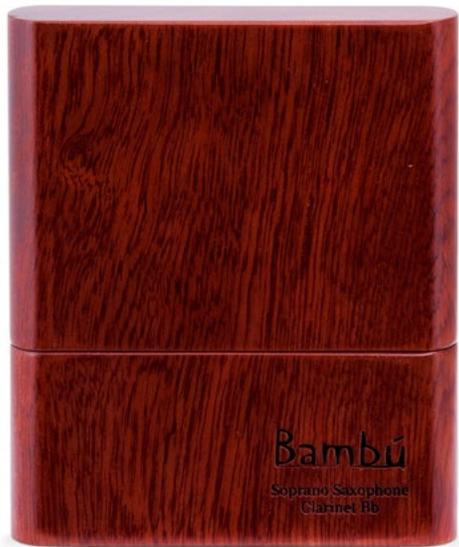

EXTERIOR DESIGNS

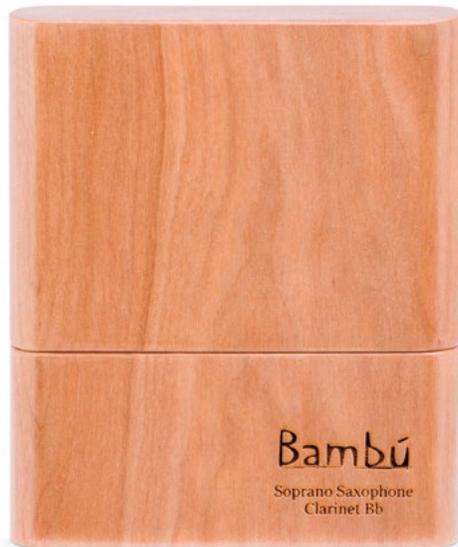

*The wooden exteriors are manufactured by the artist Carlos Lebaggi: "It is my intention to work these reed cases in the same way as when a violin or a guitar is made. All the processes are done manually. The materials and tools used for their confection are the same as the ones used to make musical instruments."*
